A pioneer in the world of digital DJing, effects, and virtual instrument development, Native Instruments makes the gear you need to take your ideas and turn them into tracks — and perform totally original mixes live!

Traktor Kontrol S4

Powerful DJ Software plus Total Hands-on Control

Native Instrument's updated **Traktor Kontrol S4** boasts improved fader reliability and a new duo-tone design. This do-it-all laptop-based DJ system merges Native Instruments' Traktor Pro S4 software with a custom-built USB DJ controller and an audio interface.

Dedicated Flux Mode controls and a separate booth output give you control like never before. You can even take hands-on control of Traktor DJ for iPad and iPhone. New silicone-damped jog wheels with aluminum top plates deliver precise cueing and scratching that every DJ wants. A pair of excellent mic preamps and plenty of other analog I/O accommodate any other DJ gear you want to use. The 2-deck **Traktor Kontrol S2** includes Traktor Pro 2 software and also works with Traktor DJ software.

Traktor Kontrol X1

The Core Control You Need for Traktor Software

Pick up a Native Instruments **Traktor Kontrol X1** controller module and take command of your Traktor software — without sacrificing precious table space. Plug it in, and this device instantly maps to Traktor, providing you with comprehensive control over cue points, loops, track positioning, and two complete Traktor FX units. An innovative touch strip gives you fast and easy control over track positioning, as well as pitch and effects parameters.

Need more control? No problem! Just add on another Traktor Kontrol X1 for 4-deck operation, or other Native Instruments Traktor Control modules. Call your Sales Engineer for more details.

64B LED Pro
Light It Up, Beat the Heat

ADJ's **64B LED Pro** par-style light uses 181 ultra-bright 10mm red, green, and blue LEDs to produce amazing floods of light in just about any color you can imagine.

ONLY $10/mo.

64BLEDPro 64B LED Pro.............................List ~~$209.95~~ **$149.99**

Micro Galaxian
Laser Light Show in a Compact and Affordable Box

The portable, affordable **Micro Galaxian** laser produces more than 200 beams that you can project on a wall, a ceiling, or a dance floor. It's really easy to use too. Just plug it in and run the built-in lighting program in either Auto or Sound Active mode. It even comes with dual hanging brackets and a wireless remote.

MicroGalax Micro Galaxian....................List ~~$109.95~~ **$79.99**

Mega Par Profile
Compact, Low-profile Par Can

The **Mega Par Profile** offers smooth RGB color mixing and a 30-degree beam angle. You also get six operational modes (including DMX, Sound Active, and Master/Slave) and seven DMX Channel modes for a variety of programming options.

MegaParProf Mega Par Profile ....List ~~$109.95~~ **$79.99**

WiFLY Par QA5
Go Totally Wireless with This LED Par

The ADJ **WiFLY Par QA5** wireless LED par fixture is essential when you have to rig a light where running power and DMX cables aren't options. Full WiFLY wireless DMX control, sound-activated mode, tons of automated programs, and Master/Slave linking provide setup flexibility, while five 5-watt quad-color LEDs deliver warm pastels and rich oranges. ADJ's **WiFLY Bar QA5** and **WiFLY Transceiver** extend the capabilities of your wireless lighting system.

ONLY $13/mo.

P36 LED
Great Projection, Output, and LED Efficiency

ADJ's **P36 LED** par-style light produces only a minimal amount of heat or UV emissions, but it gives you the same kind of projection and output you'd expect from a similarly sized standard par. On top of that, it provides you with amazingly vivid colors.

P36LED P36 LED.....................................List ~~$69.95~~ **$49.99**

Inno Spot Elite
So Crisp, You'll Hardly Believe It's LED

With its ultra-bright 180-watt LED light source, the ADJ **Inno Spot Elite** intelligent moving light fixture offers you seven replaceable gobos and seven independent colors. A hard-edge beam gives the Inno Spot Elite the kind of focus you'd expect from a traditional halogen lamp, but at a fraction of the power draw. The 80-watt **Inno Spot Pro** and the 50-watt **Inno Spot LED** are also available.

ONLY $57/mo.

Mega Bar RGBA
Create Amazing Stage Lighting Effects

The **Mega Bar RGBA** lets you create incredible depth-of-field effects and breathtaking silhouettes. With its array of 126 red, green, and blue LEDs, the Mega Bar 50 RGB can create 32 different colors, transitioning via built-in programs, DMX 512, or by responding to sound.

ONLY $10/mo.

MegaBarRGBA Mega Bar RGBA.......List ~~$349.95~~ **$199.00**

Dotz Par
Pro Performance, Pint-sized Par

The **Dotz Par** fixture lets you dial in a world of clear and vivid color. There are a number of automated and sound-activated programs onboard (plus pulse and strobe modes), so you can create exciting lighting effects — without external control.

ONLY $10/mo.

DotzPar Dotz Par....................................List ~~$209.95~~ **$149.99**

S81 LED
Pint-sized Strobe Light

The **S81 LED** weighs in at just one pound and is only 5.5" long, making it one of the most compact strobe lights ever! Whether you're using a fog machine or not, the S81 LED gives you ultra-bright strobe effects, thanks to its 21 white LEDs.

MiniStrobLED S81 LED **$19.99**

Fog Fury 2000
Enhance Your Show with Fog

Capable of 7,000 cubic feet/minute of coverage, the **Fog Fury 2000** delivers! For smaller spaces, there's also the **Fog Fury 1000**. And don't forget to pick up **Fog Juice**.
